School Transport Facility and Routes

We are also happy to inform you that we are coming up with a special vehicle tracking system thru which you can see where the bus is and you will get alert SMS 5-8 mins before the bus reaches your house to pick up or drop your child. This facility will help everyone to know the where about of the vehicle and child. There will be additional charge of Rs 100/- per month for each child. School will provide a RFID Card (Radio Frequency Identity Card) with all the child details on it. It will be mandatory for all the parents to send the ID card with the child without fail. Details of this product will be shared with you shortly.
